

A decorative graphic on the left side of the page features a stylized, light gray vine with several clusters of flowers. Each flower cluster consists of multiple small, teardrop-shaped petals arranged in a circular pattern. The vine curves upwards and to the right, ending in a delicate swirl. Scattered around the vine are numerous small, light gray circles of varying sizes, some with a thin outline and some solid, creating a bokeh or particle effect.

FASHION A WORLD WITHOUT HIV/AIDS

With hope and compassion we can.
